

CLEAN YOUR SCREENS

## Flat Screen TV's

Large format screens are everywhere, from the boardroom to your living room. A smudged, dirty screen can ruin the image of your presentation in that important meeting, or limit your viewing pleasure while watching the latest movie release at home. What's the point of HDTV if the screen is filthy? A smudge can cause you to miss the big play or the highlight of your child's first steps. The Premium Screen Cleaner Kit from Dust-Off® gives a safe and thorough cleaning with its two-part system of spray and cloth. The screen spray features an exclusive no-run formula\* that can be sprayed directly on the screen. While other cloths can leave smudges and lint behind, the Dust Off microfibre cloth leaves nothing but a smooth, clear picture.

## Desktop Computers

Desktop computers are a staple in our offices and homes. Keeping the screen clean is necessary for both work and enjoyment. A dirty, smudged screen can make it difficult to understand the figures from this month's reports or ruin your view of a Youtube video. A filthy screen can hurt your eyes and can make computer games unplayable. Dust-Off has four products to wipe out dirt, lint and finger oils starting with pre-moistened Monitor Wipes in two sizes of convenient tubs. For more thorough cleaning, use the two-part Premium Screen Cleaner... complete with the exclusive no-run spray\* and safe microfibre cloth that leaves no residue. Also available is our Office Share Pack of Monitor Wipes packets, perfect for display in common areas of your office for all to use.

## Laptop Computers

Your laptop can go wherever you go and therefore it is faced with more dangers. It's around us when we eat, work, and play. Food stains can destroy a computer's performance and dirt from our hands and clothes can limit a computer's usability. Dust-Off offers three products of screen cleaning to suit your needs. There is the standard size pre-moistened Anti-Static Monitor Wipes tub for your desk. There also is the smaller, more mobile container, known as the travel-sized 'Car Cup'. Finally, there is the Premium Screen Cleaner kit, which contains the thorough cleaning spray and the microfibre cloth. All of these deliver proper and safe screen cleaning for your laptop.

## Tablets

While the touch screen wizardry of a tablet is convenient and simple to use, the screen dirties in a way that rarely happens with standard computers and laptops. Not only can a dirty screen ruin the visibility of what is on the screen, but it also ruins the touch screen's ability to recognize commands. This can turn a tablet into little more than a very expensive paperweight. Dust-Off has three different products to fulfill all of your cleaning needs. First is the Premium Screen Cleaner kit, which comes with the screen cleaning spray and the microfibre cloth. Also available is the Tablet Screen Wipes that come in a thin, resealable pouch that is great for storing in a backpack or briefcase for a quick clean anytime and anywhere.

## eReaders

The clarity of an eReader's screen is essential to its convenience over traditional printed books. A smudged screen can turn an afternoon of reading for pleasure into a squinting chore. Luckily, Dust-Off has two products that are perfect for keeping your screen crystal clear. The Tablet Screen Cleaner kit is great for a thorough cleaning when you really need it. The kit comes with the Dust-Off cleaning spray and the microfibre cloth that won't damage the screen or leave smudges. For cleaning on-the-go, Dust-Off offers the portable Tablet Screen Wipes, a handy resealable pouch, the perfect size for purse or backpack.

## Sat Nav

Picture clarity is one of the most important characteristics of a Sat Nav. If the screen is dirty and unclean, it can become very difficult to read and understand directions and can make touch commands difficult. This can lead to missing an important turn or sending you off course, wasting time and money. The Tablet Screen Cleaner is excellent when it comes to deep, comprehensive cleaning. All you need to do is spritz the spray on the screen and wipe it down with the safe microfibre cleaning cloth. For cleaning on the go, Dust-Off has Tablet Screen Wipes pouches that can easily fit in your car's glove compartment or in your briefcase. We also offer a handy size tub of Monitor Wipes - perfect fit in car cup holder.

## C a m e r a s

A great photo is considered a work of art. A photographer can spend hours looking for the perfect shot or work quickly for the ultimate action shot. A smudged camera screen can lie to the photographer, however, feeding false information. If your camera's screen isn't clear how can you expect to get the ultimate picture? The Dust-Off Screen Cleaner kit, complete with Screen Spray and the microfibre cleaning cloth, will make sure that your digital and video camera screens help you take the clear, crisp image that you crave. Also offered is the Premium Camera Cleaning Kit, complete with duster, screen cleaning spray and cloth, and detailing swabs to give your camera a comprehensive cleaning.

## Smart Phones

Smart Phones feed us information, it plays and stores our music, and it helps us communicate with talk, text and the internet. With Smart Phones going everywhere we go, the screens get very dirty. Finger oils, sweat, makeup and dust litter the screen. This can lead to the phone not only looking unpleasant, but also to a world of technical issues. A smudged screen can cause the touch screen to misread a touch and suddenly, you're calling the wrong person or typing the wrong words in a text. Dust-Off is able to combat the grime with their smart phone cleaners. The portable Anti-Static Monitor Wipes, the 'Car Cup' is a handy small tub for cleaning anytime. For even greater portability, there is the Smart Phone Screen Wipes, which is a thin pouch that can fit almost anywhere. For the most thorough cleaning, there is the Premium Screen Cleaner with an exclusive no-run spray and superior microfibre cloth.

## Digital Photo Frame

The benefit of photos is that they will stay clear, even as memories fade. But the same isn't true for the screen of a digital photo frame. Allow the best viewing of your precious moments with a clean screen. For the strongest, most thorough cleaning, Dust-Off has the Premium Screen Cleaner kit, complete with the screen-safe cleaning spray and microfibre cloth. For a quick clean, Dust-Off offers the Tablet Screen Wipes in a resealable pouch for quick touch-up jobs anytime, anywhere.

## Gaming Devices

With gaming devices, having a clear picture can mean the difference between making it to the next level and losing that last life. Having the clearest screen can give a player the edge they need. Dust-Off has the player's back. The PC or Console Gaming Cleaning Kit cleans your entire system, improving its overall performance, and includes a duster, cleaning swabs, screen spray and microfibre cloth. This is backed up by the Gaming Screen Care kit, which is perfect for a complete cleaning of your high tech gaming screens. For quick cleans in the heat of battle, there is the Gaming Monitor Wipes, which comes in a handy and portable 'Car Cup' size.
